Quinoa Superfood Breakfast Skillet

Ingredients to serve 2

- 2 cups cooked quinoa
- 1 lemon (juice)
- Pinch of salt
- 1 cup light coconut milk
- 2 bananas
- 1 cup berries (1/2 cup of two kinds)
- 1/3 cup walnuts
- 1-2 tbsp chia seeds
- 1 tsp vanilla
- 1-2 tbsp maple syrup
- Maca powder (optional)
- Chopped mint (for garnish)

Method

- 1. Having leftover quinoa to use in this recipe makes it even easier, but if you're making it fresh, do that first. The recipe calls for about 2 cups of fluffy quinoa, which means you'll need to start out with 1 cup of dry quinoa and 2 cups of water.
- 2. With the quinoa ready, add it to a large skillet along with a pinch of salt and some lemon juice. Then add the coconut milk and banana (cut into rounds). Turn the heat to medium-low and give these ingredients about 5 minutes to simmer, stirring occasionally.

NOTE: If you want to make a lower-calorie option, you can use any non-dairy milk but it won't be nearly as creamy.

3. Next, add all the remaining ingredients (minus the mint) and give it another 5 minutes until most of the coconut milk is absorbed, and everything is blending together beautifully. Garnish with some fresh chopped mint leaves and enjoy!

Moroccan Chicken Flatbreads

Ingredients

- 6 chicken breasts, cubed
- 2 lemons, halved and juice of 1
- 3 garlic cloves, crushed
- 1 red chilli, halved
- 1 tbsp oil
- 150ml buttermilk
- 2 tsp paprika
- 1 tsp ground cumin
- 1/2 tsp ground ginger
- 1/2 tsp turmeric
- 1/2 tsp ground cinnamon
- A good grinding of sea salt and black pepper
- 1 handful of fresh coriander, stalks and leaves finely chopped
- Your choice of flatbreads

- 1. Place the chicken in a large sealable bag and then add the remaining ingredients and massage the bag until well combined and the chicken is covered.
- 2. Allow to marinade for 2-4 hours.
- **3.** Build your fire/BBQ and once up to temperature add your skillet or frying pan to the heat. Then check it's nice and hot by adding a small amount of the chicken and if it has a good sizzle then you are ready to go. Add the chicken a spoonful at a time so as not to overcrowd your pan, which will reduce the heat. We want it good and hot so it cooks the chicken thoroughly!
- **4.** You will see that I added lemon halves to the marinade, and once cooked, these become all charred and the insides all jammy. When the dish is ready, squeeze out the flesh and it makes the most delicious addition to the final dish.
- **5.** Remove the pan from the heat and allow to rest for a few minutes while you heat the flatbreads on the fire. Then just serve and enjoy!

Creamy Vegetable Curry Soup •

Ingredients to serve 3

- 1/4 tsp sunflower oil
- 1 small onion, diced
- 2 tbsp curry paste (I used tikka)
- 300g potatoes, peeled
- 200g courgette
- 300g cauliflower
- 200ml milk
- 500ml vegetable stock
- 1 tsp sea salt
- 1/4 tsp black pepper
- 1 tbsp tomato puree

- **1.** Dice the onion and add it to your pan/soup maker along with the curry paste and oil. Stir the onions until they are coated in the curry paste.
- **2.** Peel the potatoes and dice them into small pieces. Slice the courgettes and break the cauliflower into small florets. Add all of the vegetables to the pan/soup maker along with the rest of the ingredients.
- **3.** If using a soup maker, set to the smooth setting and leave the machine to do the work. After the cycle has finished, taste to make sure the soup is perfectly smooth; if there are still small lumps, turn it on to run another cycle.
- **4.** If using a pan, cook until the vegetables have softened and then blend with a stick blender or in a liquidiser. Assuming you have cut the vegetables quite small this should take around 20 minutes.

Grilled Sweet Potato Pouches

Ingredients

- 19-inch square of heavy-duty aluminium foil, lightly buttered
- 2 tbsp onion, chopped
- 1 sweet potato, peeled and cut into 1/4-inch slices
- 1 tbsp melted butter
- 1/2 tsp Worcestershire sauce
- 1 tsp dried parsley flakes
- Salt and black pepper to taste
- 4 or 5 pecans, broken coarsely
- 2 tbsp grated cheese (I like a strong cheddar)

- 1. Heat the outdoor grill.
- 2. Place the potato in the middle of the square of buttered foil and sprinkle the onion on top.
- 3. Whisk together the melted butter, Worcestershire sauce, parsley flakes and salt and black pepper to taste. Drizzle this over the top of the potato and onions.
- 4. Fold the foil up around the potatoes, sealing them in completely. What I do is make a fold down the centre and then crimp the ends.

- 5. Next, place on the hot grill for 20 to 25 minutes until tender.
- 6. Open the top of the foil and sprinkle with the cheese and pecans. Grill for about 5 minutes longer to melt the cheese and lightly toast, then serve hot!

Prawn Fried Cauliflower Rice

Time taken: 50 mins (Half an hour veg prep then 20 minutes cooking)

Ingredients to serve 2

- 200g fresh king prawns
- 1 small cauliflower
- 2 carrots
- 300g tin of peas
- 4 eggs
- 1 bunch of spring onions
- 2 cloves garlic
- 2 splashes of cooking oil
- 1 small root of fresh ginger
- 1 big glug of soy sauce (or tamari)
- 1 small glug of sesame oil
- Salt and pepper

- 1. Begin with veg prep! Use a grater to shred the cauliflower into coarse, rice grain-sized pieces.

 Then, slice and dice your carrots; top and tail your spring onions and finely chop; peel your garlic and ginger, and finely chop both. Open your fin of peas and drain.
- 2. Next, heat a splash of cooking oil in a frying pan, and pat your prawns dry using kitchen roll.

 Once your pan has heated, add your prawns to the pan along with a pinch of salt and pepper.

 Sizzle for a minute or two, before turning over to cook on the other side. After a minute or two, once your prawns are pink all over, remove the pan from the heat and spoon your prawns into a bowl.

 Cover with foil to keep warm, and set aside.
- **3.** Wipe the pan clean and return to the heat with a fresh splash of cooking oil. Once heated, add the carrots, garlic and ginger to the pan and fry for five minutes to soften your carrot.

- Next, add the peas, grated cauliflower and 3/4 of your spring onion to the pan. Stir everything together and fry for a further five minutes. In the meanwhile, crack your eggs into a mug and whisk together using a fork.
- 4. Add a big glug of soy sauce (or tamari) and a small glug of sesame oil to the pan; stir into the veg until evenly mixed then spoon everything aside to make small well in the centre of the pan. Turn the temperature down to a low heat and pour your egg mix into the well in the centre of the pan, and then use your fork to scramble.
- 5. Once your egg mix is quite solid and scrambled, you can mix everything together once more so your eggs spread about the pan. Season with salt and pepper, then remove the pan from the heat and spoon your fried cauliflower rice out between bowls to serve.

Rosemary Roasted Veggies with Turkey and Pecans This is a full course festive meal in one pot!

Ingredients

- 4 cups diced root veggies (carrots, parsnips, and sweet potato)
- 1 cup coarsely chopped onion
- 3 cloves garlic, smashed
- 1/4 cup oil (avocado or coconut)
- 1-2 cups water
- 1 cup cooked turkey
- 1 cup pecans
- 1/2 cup dried cranberries
- 1 tsp salt
- 1 tsp dried rosemary

Method

(AT HOME)

Chop up the veggles and onions and place in a container with the garlic. Mix the pecans, cranberries and spices together and place in a separate container. For the turkey, you can use leftovers or cut up a premade, cooked turkey patty. Keep in an airtight container in the cooler or it will last a day or two without refrigeration.

(AT CAMPSITE)

1. Prepare the campfire with the briquettes and when you have a good set of coals, place the Dutch oven on a grill over them to melt the oil.

- 2. Next, sauté the chopped vegetables, onions and garlic for about 5 minutes and then add enough water to fill the pot with about an inch of water. Cover with the lid and settle in the coals. Place a few coals on top of the lid, as well.
- 3. Cook the vegetables for about 1 hour, carefully checking periodically to make sure there is still some water in the pot (add more if needed) until the vegetables are soft. When they are done, toss in the rest of the ingredients and let it cook a few more minutes until everything is warm and combined.

4. Enjoy!

Pilafi Pourgouri 000

Pilafi Pourgouri is a Greek-Cypriot dish made with bulgur wheat, which is available readily in supermarkets in the dried beans and pulses aisle.

Ingredients to serve 4-6

- Olive oil
- 1 medium white onion, finely chopped
- 4-6 cloves garlic, finely chopped (depends on their size, and how much you like garlic!)
- 30g spaghetti, broken into small pieces
- 200g bulgur wheat

- 1x 400g can chopped tomatoes
- Hot water
- 2 vegetable stock cubes
- 1 tbsp tomato puree
- Salt

- 1. In a large, heavy-based saucepan, heat a little olive oil then gently sweat the onions and garlic until soft and translucent - this will take about 5 minutes.
- 2. Stir in the spagnetti and the bulgur wheat to coat in the onion and garlic mixture.
- 3. Add the chopped tomatoes then fill the empty tomato tin with hot water and add that to the pan.
- 4. Crumble in the stock cubes and add the tomato puree. Stir everything well to combine.

- 5. Bring to the boil, stirring from time to time to prevent the wheat from catching on the bottom of the pan.
- 6. Remove from the heat, cover with a tea towel and put the lid on the pan.
- 7. Leave to steam for about 20 minutes.
- 8. You'll know it is ready when the liquid is absorbed and the bulgur wheat has softened, but still has a little bite to it. If you need to, you can always add more water whilst steaming.

One-Pot Pasta 👽 😉

Ingredients

- 1/2 onion
- 2 garlic cloves
- 2 tbsp chopped basil
- 1 tbsp olive oil
- 1/2 tsp lemon juice
- 1 jar black olives

- 1/2 jar capers
- 1 tbsp chopped parsley
- 500g spaghetti
- 350g tomato sauce
- Salt/pepper to taste
- 750ml 1ltr water

- 1. Pour the olive oil into a large pan, then add the onions & garlic and cook until translucent.
- 2. Add the rest of the ingredients. Yes you heard that right - ALL of it, including the dry spagnetti! Otherwise it wouldn't be a 'one pot', right?
- 3. After adding the pasta sauce, refill the sauce jar with water twice, and add it to the pan. Depending on the pasta you are using you might need more or less water, so please adjust as you go along.
- **4.** Once the pasta starts softening, carefully stir the ingredients and keep stirring regularly until the pasta is soft and all ingredients combined well.
- 5. You might need to add a little extra water during this process, as the pasta will soak up a lot - just make sure there is always a little liquid/ sauce surrounding the spaghetti.
- 6. Remove from the stove, season with salt & pepper & enjoy!
